We're revolutionizing how parents shop for back to school

Our [TeacherLists](#) platform has more than 1.6 million school- and grade-specific digital classroom supply lists. With each list shopped by an average of 23 families per season, it's no wonder top brands and retailers partner with us to tap into this \$83 billion dollar industry.

Land your brand on verified supply lists nationwide

With more than 70% of parents buying a specific brand when it's included on their child's required school supply list, key consumer brands like Crayola, Kleenex, and Elmer's look to us to increase their brand presence on those lists. With 29 distinct product categories comprising the top 50 requested items on supply lists, a category sponsorship offers a powerful opportunity for your brand to garner a greater share of the back-to-school spending on supplies.

We are the data driving major retailers' school supply initiatives

While you might not see the TeacherLists name in Target's back-to-school commercial, we're the list data provider behind their school supply list initiative, as well as those of other major retailers like Walmart and Staples—making shopping for the “big day back” a whole lot easier for parents.

OFF TO COLLEGE

CollegeCheckLists.com

Our goal is simple.

We help college-bound students find and shop for everything they need for college. From acceptance letter to move-in day, College CheckLists™ is the go-to community students can count on for the countdown to college. We are The Off To College destination helping students arrive prepared at their college destination.

Capture a greater share of the \$25B dollar Off To College spend

The average student spends \$1,400 across many retail categories before they arrive on campus. But, different than our TeacherLists™ K-12 school supply list solution (Back To School), where shopping happens in a tight window, College CheckLists drives Off To College sales over several months.

With our step-by-step process, it's easy to search and select from 2,000+ college or dorm-specific packing lists available on College CheckLists. And, just like TeacherLists, each list shows what to bring (plus what not to bring!) to start the school year. To choose all the items they need, students simply check boxes and then – with just one click – prepopulate the shopping cart for purchase and delivery by a major retailer.
